## PROFESSIONAL SUMMARY

---

I am an Acquia Certified Drupal Developer and Frontend Specialist with a strong track record in creating custom Drupal solutions tailored to client's needs. My expertise encompasses module development, theming, and optimizing web experiences. I excel in cross-functional teamwork and consistently meet project goals. I stay updated on Drupal trends to deliver exceptional web solutions. Whether crafting responsive interfaces or optimizing web performance, I am devoted to delivering top-tier digital experiences. With a keen eye for detail and a passion for innovation, I am well-equipped to tackle the most challenging Drupal projects.

## DRUPAL CERTIFICATIONS & ACHIEVEMENTS

---

- **Active contributor at Drupal.org** - <https://www.drupal.org/u/anjali-rathod>
- **Acquia Certified Developer - Drupal 9**
  - Completed on - April 21, 2021.
  - Link - <https://certification.acquia.com/user/13861>
- **Acquia Certified Front End Specialist - Drupal 9**
  - Completed on - December 17, 2022.
  - Link - <https://certification.acquia.com/user/13861>
- **Speaker at DrupalCon Barcelona 2024**

## WORK EXPERIENCE

---

### AXELERANT

*Software Engineer - Full Stack*

*January, 2024 - Present.*

- **Implemented CI/CD pipelines** integrating GitHub with Acquia Cloud, streamlining deployments and automating workflows for Drupal-based applications, significantly improving efficiency and reducing downtime.
- **Executed CMS migrations**, including upgrading legacy Drupal 7 websites to Drupal 11, and transitioning WordPress sites to Drupal 11, ensuring minimal content disruption and enhanced performance.
- **Authored custom migration scripts** to systematically migrate content, taxonomies, and content types from WordPress to Drupal 11, ensuring data integrity, accuracy, and seamless content management workflows post-migration.

- **Managed Multiple Projects:** Efficiently handled tickets from various projects daily, balancing both frontend (FE) and backend (BE) tasks.
  - Developed and optimized responsive user interfaces using HTML, CSS, JavaScript and React.js.
  - Designed and implemented robust APIs, managed database operations with MySQL, and ensured secure and efficient server-side logic using PHP and Symfony.
  - Worked on Acquia site studio, building custom components and setting up the project.
  - Configured the **Search API** module and created custom **indexes** to enhance search functionality for listing pages. Worked on **facets** for filtering and improving search result relevance.
  - Integrated and created **webforms**, ensuring smooth data collection and user interactions.
  - Developed **custom modules** for handling custom functionalities related to entity print and forms
  - Created and customized **views** for dynamic content display based on specific criteria.
- **Hackathons and Innovation:** Participated in multiple hackathons, demonstrating innovative solutions and technical prowess.
- **Team Collaboration:** Organized group collaboration initiatives to enhance team productivity and foster a collaborative work environment.
- **Knowledge Sharing:** Delivered live webinar sessions, sharing insights and expertise on various technical topics with a wider audience.
- **Staff Augmentation:** Worked on projects as staff augmentation, seamlessly integrating with client teams to deliver high-quality solutions and meet project goals.

## QED42

*Engineer - Full Stack*

*May, 2023 - December, 2023.*

- Worked with Drupal configuration management, site migrations, upgrades, and maintenance.
- Experienced in project handover and knowledge transfer activities, ensuring a smooth transition.
- Skilled in delivering effective client demos and presentations, utilizing strong communication skills to convey technical concepts to non-technical stakeholders and executives.
- Worked on Drupal multilingual, multisite and domain based projects.
- Familiarity with Drupal architecture, Drupal API, Drupal hooks, Drupal modules and experience in developing and consuming RESTful web services in Drupal, including integration with third-party APIs .
- Familiarity with MySQL or other relational databases, and experience in writing SQL queries.
- Knowledge of Drupal caching and performance optimization strategies.
- Understanding of Drupal security best practices, including the use of input validation, output sanitization, and secure coding practices.
- Experience with project management tools such as Jira and Zoho for agile development methodologies, including Scrum or Kanban for issue tracking, sprint planning, and team collaboration.
- Experience in performing deployments on Acquia cloud for production site.

## QED42

*Associate Engineer - Full Stack*

*May, 2021 - April, 2023.*

- Expertise in creating and managing Drupal 8 and Drupal 9 websites.
- Ability to customize and extend Drupal administrative interface using the Views module.
- Proficiency in PHP, MySQL, JavaScript, jQuery, HTML, CSS, and related technologies.

- Experience developing custom Drupal themes using front-end frameworks such as Bootstrap and Tailwind CSS, as well as using preprocessors like SASS SCSS and build tools like Gulp.js. Familiarity with using Figma as well.
- Knowledge of version control systems like Git and Bitbucket.
- Experience using local development environments such as DDEV, Vagrant and Docker.
- Experience with Drupal command-line tools such as Drush and Acquia BLT.

## QED42

*Intern*

*September, 2020 - April, 2021.*

- Completed an internship focused on Drupal development, gaining hands-on experience with the building of custom modules, themes and views.
- Contributed to the development of Drupal websites and open source community at Drupal.org .

## EDUCATION

---

### Maharashtra Institute of Technology

**Pune, Maharashtra.**

*BCA - Bachelor's in Computer Applications*

*2018 - 2021*

- CGPA - 9.81
- Rank and scholarship holder.
- Research paper holder in National Level Students Research Conference - [Link](#)

### Ravenshaw Junior College

**Cuttack, Odisha.**

*12th*

*2016 - 2018*

- CHSE (State board) Science - 70.3%

### Cambridge School

**Cuttack, Odisha.**

*10th*

*2016*

- ICSE Science - 92.8%
- Rank holder, school leader and 100% achiever in Computer applications.

## SKILLS & INTERESTS

---

**Drupal Versions:** Drupal 8, Drupal 9, Drupal 10, Drupal 11.

**UI Technologies:** HTML, CSS, SASS, Bootstrap, Tailwind, Javascript, React.js, Typescript, Gulp.js.

**Server Side:** PHP, Symfony, Python, RESTful, OAuth, Xdebug, MySQL, AWS EC2, Drupal Hooks, API, Cloudflare, Search API .

**Tools and Applications use:** Github, JIRA , Gitlab, Bitbucket, Zoho, Git, Figma, DDEV, Vagrant, Docker, Drush, Acquia BLT, Acquia Cloud, Acquia Site studio.

**SDLC Methodologies:** Agile Methodology.

**Interests:** Open source contribution, Creating personal projects, Marathons, Lawn tennis.
